To Whom It May Concern,

Company Risk Assessment Policy Statement

The company operates amphibious vehicles that have been certified and approved by the Department of Transport to carry fare-paying passengers as a Public Service Vehicle. As part of this certification programme the company's health and safety and risk assessment programme were approved.

These same vehicles have also been certified by the Maritime and Coastguard Agency (MCA) to carry fare-paying passengers on the water. As part of this certification programme the company's Domestic Safety Management system was audited and approved.

The company maintains a continuous programme of review and assessment of risk as a part of its operational systems and these are reviewed by the MCA on a regular basis.

The company maintains Public Liability, Motor and Marine insurance through Arthur J Gallagher Insurance brokers.

Signed for and on behalf of the company by

John A Bigos FCIS MBA
Managing Director
